

2025 Blair Hamilton Student Scholarship Application

Efficiency Vermont's Better Building by Design conference is pleased to offer the Blair Hamilton Student Scholarships to support and inspire students to pursue the advancing of energy efficiency and renewable energy, which Blair dedicated his life to.

There are 21 one-day student scholarships available to college students, high school students, and adult learners in Vermont. Adult learners eligible for scholarship consideration are those that are actively enrolled in coursework to pursue a degree, license, or certification in the trades.

Scholarships are available on a first-come, first-served basis. There will be a waitlist because more scholarships could become available if funding permits. We strongly encourage those from socially disadvantaged communities to apply.

If you would like to apply to receive a Blair Hamilton Student Scholarship, please fill out this form and return it to Will Schwartz at wschwartz@veic.org by **March 1, 2025**.

All applicants will be notified by **March 15, 2025**, if they have been selected as a recipient.
